2008 Pfendler Vineyards Pinot Noir Sonoma Coast

91 🌸🌸

Like earlier Pfendler wines, this one is made with an eye turned towards the refined end of the Pinot Noir spectrum, but that said, the wine also exhibits a fair measure of concentration to its ripe red cherry fruit and comes with a bit of richness to go with that fruit. It is a baby at this point, and while it has the stuffing to fit well today with dishes like Boeuf Bourguignon, if granted a few years of bottle age, it will become a great choice for preparations like crown rack of lamb.
